EXPERIENCE

Lead Frontend Developer

May 2024 - Present

Abikeadecourt | <https://www.abikeadecourt.com>

Remote - Lagos, Nigeria

- Developed the frontend for **Abikeadecourt Hostel**, a platform connecting students with available hostel accommodations.
- Built a **user-friendly admin panel** to manage property listings and streamline communication between students and landlords.
- Translated design mockups into **responsive and interactive UI** using **React.js**, **Tailwind CSS**, and **JavaScript**.
- Integrated a **content management system (CMS)** to facilitate easy updates and maintenance.
- **Worked closely with backend developers to optimize website performance and implement new features.**

Frontend Developer

Sept 2022 - Present

Rigan-Tech & COO | <https://riganhub.pythonanywhere.com>

Remote - Nigeria

- Co-founded **Rigan-Tech**, a startup focused on building innovative web solutions for clients and internal projects
- **Led frontend development for various projects**, utilizing **React.js**, **Next.js**, **Tailwind CSS**, and **TypeScript** to deliver scalable and responsive applications.
- **Worked closely with a team of developers and designers to turn ideas into functional web platforms.**
- **Conducted training sessions for students and aspiring developers, similar to Skillarcadia, to help them build real-world web development skills.**
- **Maintained and managed the GitHub organization, ensuring proper documentation and version control for all projects.**

Web Developer Intern**Codivesky |****Jan 2024 - March 2024***Remote - Lagos, Nigeria*

- Collaborated with other Interns and engineers on projects to create new brands, design systems, and websites for potential clients.
- Turn design pages and specific components into HTML, CSS and JavaScript
- Utilized HTML, CSS and JavaScript to create visually appealing and responsive web pages that met client requirements.
- Collaborated with back-end developers to improve website functionality and integrate new features.

Student Ambassador**Halofi | <https://www.halofi.me/>****Dec 2023 – October 2025***Remote - United State*

- Promoted brand awareness and user engagement through social media campaigns and presentations at campus events
- Effectively communicated Halofi's mission and offerings to a diverse student audience, fostering strong relationships with potential users.
- Collaborated with a team to develop engaging content (e.g., social media posts, presentations) to showcase Halofi's value proposition.
- Participation in UX Testing for Halofi app, which has broadened my knowledge of Human Computer Interaction (HCI) and Usability.

Web Developer Trainee**Codevillage LLC | <https://codevillage.ng/>****Oct 2022 - Dec 2022****In-person - Ilorin, Nigeria**

- Gained foundational knowledge in front-end development principles, including HTML, CSS, and JavaScript.
- Built over 20 projects to solidify my understanding of HTML, CSS, and JavaScript.
- Developed a responsive e-commerce website, country-visualizing-app, using HTML, CSS and JavaScript for functionalities.
- Collaborated with a team of trainees on front-end development projects, enhancing my communication and teamwork abilities.

EDUCATION

Bachelor of Science in Information Technology

December 2022 - November 2026

University of Ilorin • Kwara state, Nigeria.

SKILLS

Technical Skills: HTML, CSS, Javascript, NextJS, ReactJS, Typescript, GIT, Redux Toolkit, Tailwind CSS**Language:** English, Yoruba, Arabic

SELECTED PROJECTS

Project-name: Abikeadecourt Hostel | <https://abikeadecourt.com>

Developed the frontend for abikeadecourt.com, a hostel website designed to streamline communication between students and landlords in Ogun State, Nigeria. Built a user-friendly admin panel to efficiently manage website activities.

- Designed and implemented a user-friendly interface for the hostel, ensuring a smooth user experience.
- Collaborated with designers to translate design mockups into functional website elements.
- Integrated a content management system (CMS) to allow for easy updates to the website's content.

Project-name: KosmosHR (Employee Management System) | <http://kosmos-hr.vercel.app/>

As a key contributor to the KosmosHR project, I played a pivotal role in the development and enhancement of Frontend development using ReactJs and Tailwind-CSS. The system aimed to streamline and optimize human resource processes, providing comprehensive solutions for employee data management, performance tracking, and overall workforce efficiency. This experience honed my skills in collaborative development, user-centric design, and the implementation of scalable solutions.

Project-name: Seamless E-commerce | <https://saffy.netlify.app>

Worked with a team of **developers and a designer** to build a **modern and interactive portfolio website** using **Next.js and Tailwind CSS**. Focused on delivering a sleek, **user-friendly UI** with smooth navigation and performance optimizations.
